“Together let us desire, conceive and create the new structure of the future, which will embrace architecture and sculpture and painting in one unity and which will one day rise toward heaven from the hands of a million workers like the crystal symbol of a new faith.”

With Maya Angelou’s words portraying this thought, I would like to wish you all a very pleasant morning

### **Conclusion**

“Every successful individual knows that his or her achievement depends on a community of persons working together”

Many changes have occurred as we all know, change after brings growing pains. The bottom line is that we have all grown through the process, and we will continue to move forward to make this school all that it can be.

It is rightly said “the secret of all great undertaking is hard work and self – reliance”

All the good work of the school has been possible with the cooperation of our highly qualified and dedicated faculty. Our thanks to the management committee of our school for their able guidance and encouragement. If I put all the events at AUGUSTINIAN in a nutshell, we encourage a child to observe, to explore, to experiment, to probe, to analyse, to confront problems and find the solutions.

It is not joy that makes us grateful, it is gratitude that makes us joyful.

Together we will make a New World.

Thank You
